We are looking someone who is passionate and enthusiastic about beer and wants to become part of the team and grow with us. Ideally candidates will be respected and well-known and with a portfolio/history that are looking for an opportunity to help create, shape and grow our business.

Responsibilities:

- Day to day management and efficient running of brewery operations.
- Recipe development of our core range and seasonal beers
- Consistently brew our core range of beers.
- Represent the brewery at a local and national level when needed at events around London and UK
- Ability to experiment and create new beers with support of management
- Ensure Brewery adheres to SALSA and Health and safety standards (HCAPP)
- Record Keeping & documentation
- Ordering of raw materials
- Management of brewhouse team
- Sourcing of equipment

Requirements

- Ideally live locally to the brewery or within easy reach and/or willing to reallocate to London
- 3+ years commercial brewing experience
- Formal brewing education preferred, although not required for consideration
- Well-organized, able to manage brewery, brewing ingredients
- Hands-on, our Head Brewer will need to be flexible & carry out office base tasks as well as be expected to be involved in all aspects of the brewhouse from loading up the brewery ingredients for brewing to cleaning & kegging/casking, canning/bottling etc. Heavy lifting of ingredients will be involved
- Passionate about beer and creating the highest quality beer possible
- Self-motivated, organized, and energetic individual with good communication skills.
- Great troubleshooting skills and attention to detail
- Positive, proactive attitude

This is a great opportunity for the right person to be part of an exciting journey with Hammerton Brewery. If you feel you are up to the challenge we would welcome your application. Salary is dependant on experience.

All applications will be dealt with in the strictest confidence.
